

East County Senior Center *Legacy Society* Membership Benefits

Dear East County Senior Center Friends and Supporters:

Some of your benefits as a member of the ECSC's Legacy Society are immediate, some long term; some are tangible, others are feelings you can share. However, all the benefits are designed to say *"Thank you for your support of a vital and enduring community asset."*

As a Legacy Society Member, you will have your name displayed on a permanent plaque at the ECSC's entry. You also will receive a lifetime subscription to our monthly newsletter, "The Grapevine," and recognition in a yearly special edition. At our Annual meeting, we will provide a special portion in which we introduce Legacy Society Members who are in attendance. Your membership will be noted in the "Greater Everett Community Foundation" annual report. Last, as the Legacy Society grows, we will be adding new ways for your membership to be acknowledged.

However, the key benefit of Legacy Program membership is the simple yet profound knowledge that your commitment and generosity are helping people enjoy more independent, more engaged, and more valued lives.

This is a wonderful gift for ECSC visitors and members, our community, and for people who want to leave a lasting, positive statement of their commitment to the importance of Seniors in our future. For more information about Legacy Society benefits, or on how you can become a member, please contact ECSC's Executive Director at director@eastcountyseniorcenter.org. or at (360) 794-6359.

Thank you for considering the East County Senior Center's Legacy Program. We look forward to the opportunity to speak with you personally.

Marc Avni, Executive Director

"Thanks for your support!"
